## TIM FIELDS RECEIVES REI DRILLING, INC. 10 YEAR SERVICE AWARD

Dan Brunner honors Tim Fields of REI Drilling Inc.

SALT LAKE CITY, UT: REI Drilling employee Tim Fields was recently honored for his 10 years of service to REI Drilling. Dan Brunner awarded him a recognition plaque and a custom engraved hand gun. This gift was appropriate since when Tim is not working, it is tough to find him as he could be anywhere with a gun or fishing rod in hand. Tim has a much longer working relationship with REI having started with us in the mid eighties, worked another job for several years, and returned to REI in 1996. Tim is a very knowledgeable, confident, patient and experienced directional driller and a reliable, competent representative of REI. We appreciate his dedication, and look forward to many more years of service.
